August 12, 2008

Dear Anthony:

My wife Renate and I want to express our thanks to you for finding us the right insurance product. Your recommendation to switch the health-care provider and choose a higher deductible and at the same time establish a Health-Care Savings Account, saves us several hundred dollars each month and we also benefit from the tax deduction of the Health Care Savings Account.

We surely recommend your service to all our friends and family.

Sincerely,

Christian P. Bellinger
